

Wade Reynes

Requirements

- > xampp
- > phpmyadmin

Procedure

1. Import election.sql to your phpmyadmin
2. Go to admin <http://localhost/votesystem/admin/> to configure voting system

Username: admin

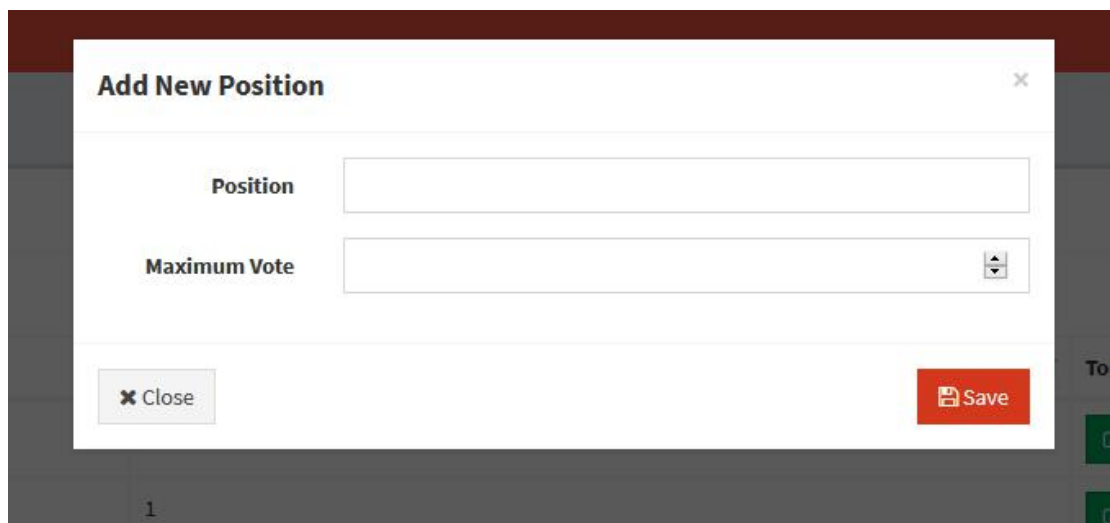

Password: password

3. Position tab

You can create position ex. President

Position: Name of position

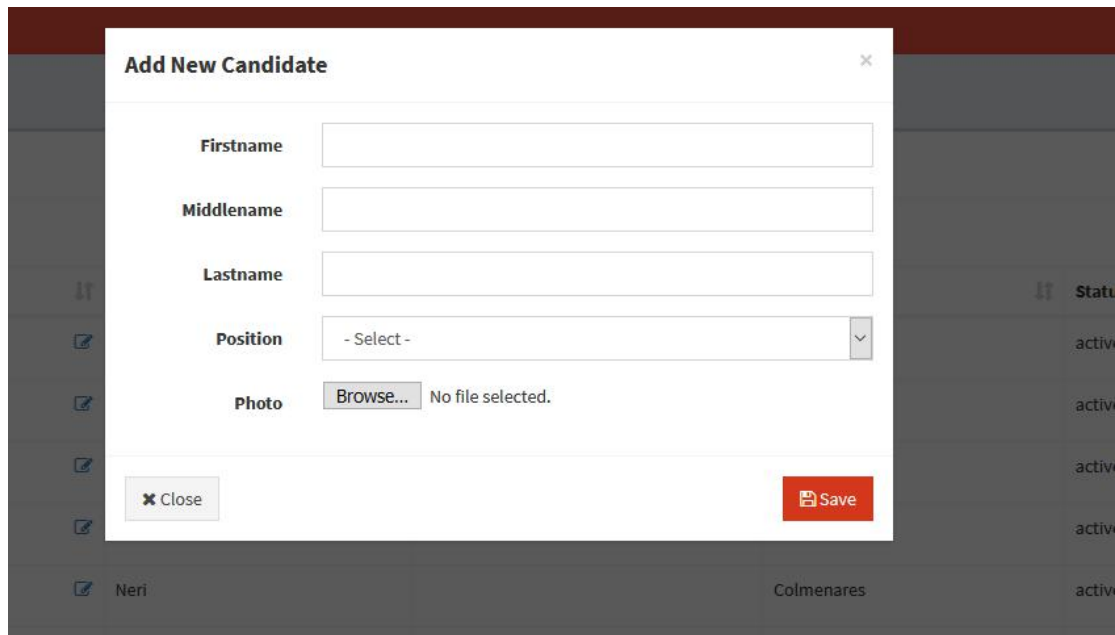

Maximum Vote: if the number of maximum vote is greater than 1 you are allowing multiple vote per position

The screenshot shows a web application interface with a dark red header and a grey sidebar. A white modal window titled "Add New Position" is centered on the screen. It contains two input fields: "Position" (a text box) and "Maximum Vote" (a spinner box). At the bottom of the modal, there are two buttons: "Close" (with a close icon) and "Save" (in red with a save icon). The number "1" is visible in the bottom left corner of the page.

4. Candidates tab

You can create candidate ex. Rodrigo Duterte

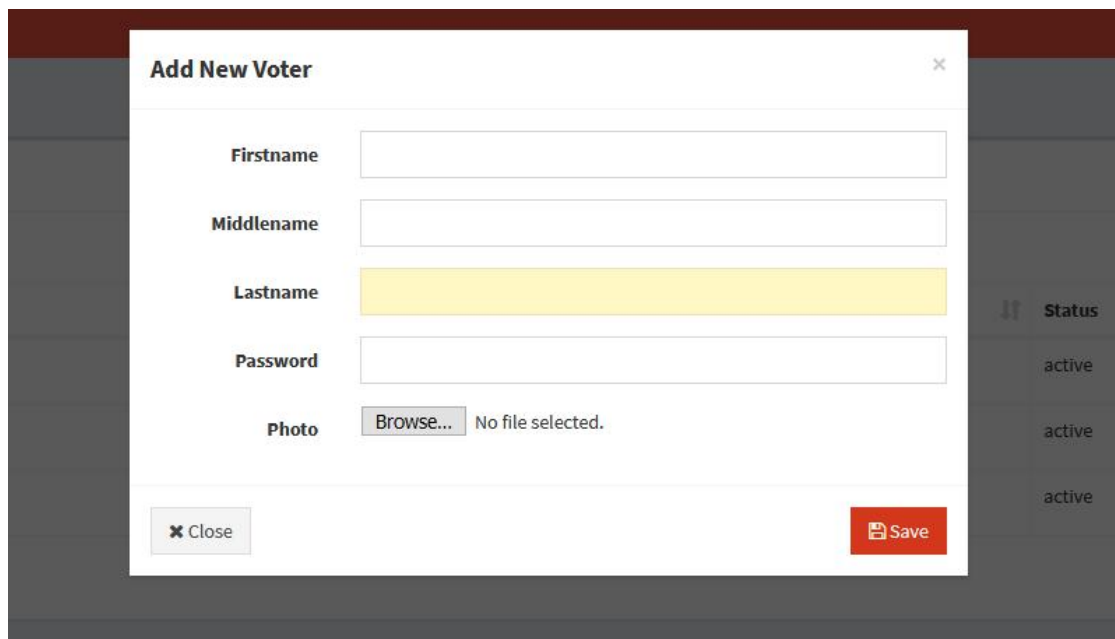

The screenshot shows a web application interface with a dark sidebar on the left and a main content area. A modal window titled "Add New Candidate" is open in the center. The modal has a close button (X) in the top right corner. It contains the following fields:

- Firstname**: A text input field.
- Middlename**: A text input field.
- Lastname**: A text input field.
- Position**: A dropdown menu with the text "- Select -" and a downward arrow.
- Photo**: A button labeled "Browse..." followed by the text "No file selected."

At the bottom of the modal, there are two buttons: a grey "Close" button with an X icon and a red "Save" button with a floppy disk icon. The background shows a table with columns for "Status" and "active", and a sidebar with a "Neri" button and a "Colmenares" button.

5. Voters tab

You can create voters ex. Juan Cruz

The screenshot shows a web application interface with a dark sidebar on the left and a main content area. A modal window titled "Add New Voter" is open in the center. The modal has a close button (X) in the top right corner. It contains the following fields:

- Firstname**: A text input field.
- Middlename**: A text input field.
- Lastname**: A text input field that is highlighted in yellow.
- Password**: A text input field.
- Photo**: A button labeled "Browse..." followed by the text "No file selected."

At the bottom of the modal, there are two buttons: a grey "Close" button with an X icon and a red "Save" button with a floppy disk icon. The background shows a table with columns for "Status" and "active", and a sidebar with a "Neri" button and a "Colmenares" button.

After creating **positions**, **candidates** and voters you can now go to voting page

Go to -> <http://localhost/votesystem/index.php>

Copy Voter's ID and password from admin dashboard

Example:

Voter's ID: 3rM8FxACdh2HOKE

Password: password

Lastname	Middlename	Firstname	Photo	Voters ID	Status	Voted	Tools
reynes		wade		3rM8FxACdh2HOKE	active		Edit Delete
reynes		jason		e1M8SpwzcaJyR9m	active		Edit Delete
reynes		michael		RbDWeu9ITIVSKU	active		Edit Delete

Showing 1 to 3 of 3 entries

Previous 1 Next

You can now start voting

VotingSystem
